**Dot:** Hi, I'm Dot and this is Esther. Esther, do you like food from other countries?

**Esther:** Yeah, I really like experimenting with different food and tasting food from all around the world.

**Dot:** And which countries have you visited?

**Esther:** Um, I'm quite lucky, I've been to quite a few different countries, um, lots of countries in Europe. I've also been to Morocco and Cambodia, had some really interesting different food in those places.

**Dot:** Did you work in Cambodia or just go for a holiday?

**Esther:** I visited my sister. She lived there for quite a few years, so I went to see her.

**Dot:** And what's your favourite place that you've ever been?

**Esther:** Um, I think my favourite place is Italy, um, I've been to a few different cities in Italy and had some amazing pizza and pasta and gorgeous Italian food, but I think my favourite place is Rome. It's a beautiful city, it has really interesting history and, um, beautiful buildings and it's just lovely, and nice weather.

**Dot:** Thank you very much.

**Esther:** Thank you.
